completely remodeled Foods Co. Market at 17500 Crenshaw Blvd. The market now is celebrating a Grand Re-Opening.

Foods Co. Market Now Observing Grand Re-Opening of Local Store

The remodeling and enlarging of the Foods Co. supermarket, 17500 Crenshaw Blvd., at Artesia Boulevard, has been completed. The store is 25 per cent larger than before, making it one of the largest stores in the area. More space means wider aisles, more departments and a larger variety of merchandise for Foods Co. customers. Greeting customers first is the beautiful new gleaming white face of the remodeled building with its graceful arches and bright new sign-

work. The parking lot has been enlarged, repaved, and realigned to make parking and getting out easier. The interior of the market is done in bright new colors and is completely air conditioned. The market now features all the latest and most modern supermarket equipment; air curtain dairy, double-deck frozen food cases, refrigerated produce stands, low streamlined meat cases, and automatic opening doors. The store also has brand new checkstands but they are the good old fashioned type where the checker takes the groceries out of the cart. Foods Co. believes that its customers deserve every modern convenience with no sacrifice in service. To help celebrate the remodeling, Foods Co. is offering the best bargains of the year. Besides bargains, you can always depend on Foods Co. for everyday low prices, in-store manager specials, and Blue Chip Stamps. The friendly crew at Foods

Co. remains the same as before the remodeling. Bruce Jessel is the store manager and his department heads are Mike Aubert, grocery; Jerry O'Brien, meat; Sho Okumura, produce; Marvin Susman, junior, department store; Harvey Marks, delicatessen, and Bob Wilson, liquor. The combined experience of this management team adds up to well over 125 years! Rounding out the crew is a group of highly trained and experienced clerks, meat cutters, checkers and service boys.
